- **Tech stack:** Python, Tkinter, Pillow
- Also converted into a web app
- **Tech stack (for the web app):** Python, Django, Celery, Pillow

CONTRIBUTIONS

PyAutoGUI

Support for Wayland #936

📅 Sep 2025

📍 asweigart/pyautogui/pull/936

- Adds support for Wayland in PyAutoGUI.
- I was unable to use PyAutoGUI when I switched to Wayland, I was looking at how I could use it, but could not find any fix.

Formation

Lambda-like support for callbacks #33

📅 May 2024

📍 ObaraEmmanuel/Formation/pull/33

- Adds lambda-like support when using callbacks in FormationStudio.
- I had recently heard about Formation Studio, tried it, and realised that it didn't support rich callbacks with arguments.
